

A wide-angle photograph of a rural landscape. In the foreground, there are rolling green hills covered in grass. A few small clusters of trees are scattered across the hills. In the middle ground, there are more hills, some with dark spots that could be animals or people. The background shows a range of mountains under a clear, light blue sky.

National /regional / international funding
calls, related to climate change and
livestock

Response

- Thank you to Argentina, Canada, Ghana, Senegal, Spain, Tunisia, USA
- Collectively identified 38 potential funding opportunities
- Several funding opportunities (n=8) identified from GRA partner organisations
