### CLIFF-GRADS Project:

Feed gaps and associated greenhouse gas emission intensities of smallholder dairy systems in Tanzania and Rwanda.

### Home University and PhD:

Egerton University; Livestock Production Systems.

### Host Institute and Supervisor:

Alliance of Bioversity International – International Centre for Tropical Agriculture (CIAT), Kenya; Dr. Birthe Paul.

### About me:

I enjoy culture diversity, meeting new people and visiting new places and countries. I am mainly interested in providing sustainable solutions towards the impacts associated with livestock production. During my free time, I love socializing, playing football, basketball or mountain hiking.

### My favourite quote:

*"A candle loses nothing by lighting other candles" - James Keller*
