

Rafael Jiménez-Ocampo, Mexico

CLIFF-GRADS Project:

Effects of essential oils on rumen fermentation, microbial diversity in rumen and methane (CH₄) emissions in tropical systems.

Home University and PhD:

Autonomous University of Yucatan, Mexico; Agricultural science and management of tropical natural resources.

Host Institute and Supervisor:

Alliance of Bioversity International – International Centre for Tropical Agriculture (CIAT), Colombia; Dr. Jacobo Arrango.

About me:

I consider myself a hard-working, patient, sociable person who appreciates knowing new cultures and traditions. In my free time I practice diving, I enjoy running, cooking and reading books. I am interested in transforming scientific knowledge into sustainable daily practices to improve the lives of livestock producers in developing countries.

My favourite quote:

“Life is like riding a bicycle. To keep your balance you must keep moving” - Albert Einstein

RESEARCH PROGRAM ON
**Climate Change,
Agriculture and
Food Security**
