

## Rui Zhao, China

### **CLIFF-GRADS Project:**

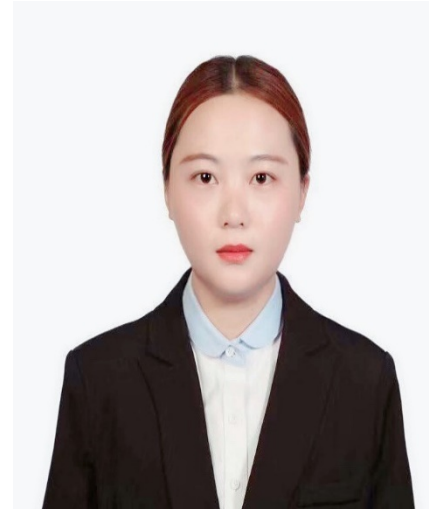

Agricultural management potential effect on the soil carbon sequestration at national level.

### **Home University and PhD:**

China University of Geosciences, China; Land resource management.

### **Host Institute and Supervisor:**

National Institute of Agricultural Research (INIA), Spain; Dr. José Luis and Dr. Jose Antonio.

### **About me:**

I am fond of experiencing different cultures, and I have a strong passion for scientific research and social services. I like sports, especially badminton, running and cycling. In my spare time, I devote to travelling and cooking. I have always been passionate about changes in soil health and soil function. Due to this, my research work is focused on finding better cultivated land management practices that maintain soil health and achieve sustainable management of land resources.

### **My favourite quote:**

*"The harder you work, the luckier you get."*

RESEARCH PROGRAM ON  
**Climate Change,  
Agriculture and  
Food Security**
