

Yericho Berhanu Meshesha, Ethiopia

CLIFF-GRADS Project:

Mitigating greenhouse gas emissions from coffee production systems through shade management.

Home University and PhD:

Haramaya University, Ethiopia; Climate smart agriculture and biodiversity conservation.

Host Institute and Supervisor

Jimma University, Ethiopia; Dr. Abebe Nigussie.

About me:

I was born on September 11, 1986 in Chena district of Kafa region, Southwestern Ethiopia. I aspire to transform the community and serve my country. I am interested to work with researchers of coffee production and face the issues of a changing climate. I enjoy experiencing and interacting with diverse cultures. Truly, I am lucky to work with a dynamic international team of CCAFS and GRA scientists.

My favourite quote:

"Practise can make perfect!"

RESEARCH PROGRAM ON
**Climate Change,
Agriculture and
Food Security**
