

Biennial Africa Climate Smart Agriculture Stakeholders Conference

2022

as part of
ADVANCE 2022: Africa Agricultural Science & Partnerships Conference

CALL FOR PAPERS

The 2022 edition of the Biennial Africa Climate Smart Agriculture Stakeholders Conference is scheduled for the **14th to 16th of September 2022**. This year's conference will be in a hybrid mode (physical and virtual) and will be hosted by FARA and its key partners. The physical event will be in Accra, Ghana, and the virtual one will be conducted online via Zoom platform.

The 2022 edition of the conference will have many parts; it will provide opportunities for researchers, academicians, and students to share their research findings. The policymakers, technocrats, private sector actors, and members of the civil society organizations to have dialogue on pertinent issues in managing climate change in Africa agriculture. The conference provides an international platform for engagement, discussions, and joint planning on dealing with climate change to boost food production in Africa. Papers submitted for presentation will be peer-reviewed and evaluated based on originality, technical depth, and relevance to the conference themes.
